

Language Arts (Phonics and Reading)

English Letters of the week: **Ii**
Word Family of the week: -it (lit, hit, bit, etc.)

Write and draw a list of words in the -it family.
Upload the -it word/picture list. Cut, match and glue in journal.

Make 5 consonant vowel consonant words that have "i" as the middle sound. Example: **pig, bib, dip**

Choose a story that your teacher or family member has read to you and draw what happened in the beginning, middle and end.

**Please ensure that your child is sounding out the words during these activities. It is not important that they spell it correctly; the goal is that they hear as many sounds as they can in a word.

Math

Find 2 objects in your house and compare by weight (heavier, lighter). Draw them and label in your journal according to weight and complete the sentences:

_____ is the heavier than _____.
_____ is the lighter than _____.

Find some containers in your refrigerator that hold liquid. Order and then draw them from least capacity to most capacity.

Write your numbers from 0-50.

Play Go Fish with numeral cards with your family to practice number recognition.

Count to 100 to/with someone.

High Frequency Words

English HFW: is, it, on

Write each of your words 10 times with different tools (pen, marker, crayon, stamps, watercolor, macaroni, glitter glue.)

Write a sentence for each high frequency word and underline the word.

Do a word hunt in a magazine, newspaper and glue the words in your notebook.

Type your words 10 times each and email them to you teacher.

*Don't forget to touch and read everything you wrote.

Unit of Study

Our Unit of Study this quarter will focus on weather, seasons, and fall/winter celebrations.

If you celebrate Halloween, take a photo or draw a picture of a special moment during your festivities. Write one sentence to describe what is happening in that moment.

If not, take a photo or draw a special moment of what you do during the fall season. Write one sentence to describe what is happening in that moment.
