

Reading and Writing

New HFW: this, that, when
Read Poem: Evening Time

Name: _____

HW 5

Find 5 things in your house. Sound spell them and draw a picture next to the word. For example: maguzen (magazine) or picshr frame (picture frame).

Dictate the following sentences slowly to your child. Have him/her write each sentence neatly (using sound spelling) and draw a picture to match one of the sentences.

- "The pig sat on a hog."
- "The fox got stuck in the box."
- "Six cups on a big red bed."

Record this week and past sight words on index cards. Play GO FISH. After the game is over, take two of the words and write a sentence with each word.

Handwriting practice lines consisting of solid top and bottom lines with a dashed middle line. There are four sets of these lines provided for student use.

Math

Your child is responsible for knowing 5 flat shapes: circle, square, triangle, rectangle, hexagon.

Search through magazines, newspapers, or ads and find shapes. Find at least 5 2d shapes and glue them in. Label each shape with the correct name.

Parent- Draw all five flat shapes on this page. Have your child label and number the corners and sides that each shape has.

Draw the 5 flat shapes each on index cards. Turn them upside down in a pile. Take turns looking at the card and using describing words to have your partner guess the shape without showing them. They can keep it if they get it right.

For example: It is a flat shape. It has 2 long sides and 2 short sides. It has four corners.

What is my shape?

Unit of Study

After reading a fiction story about a bat, Stellaluna, we read non-fiction books in order to become experts on bats. Write a star detail/fact about bats and draw a picture or glue in a photograph to match. Feel free to do more research elsewhere or use Pebblego.com to refresh your mind.
