Find a nonfiction book.

Write the main idea and 3-4 details in the graphic organizer below.

Title: \_\_\_\_\_

## Math

Find 3 objects in your house to measure length. Lay them down on a flat surface, using the same starting point. Put them in order from shortest to longest. Verbally describe what you notice using these frames: "The \_\_\_\_\_ is shorter than the \_\_\_\_\_."  
"The \_\_\_\_\_ is longer than the \_\_\_\_\_."  
Illustrate your work on this page.

Find 3 different objects in your house to measure height. Stand them up on a flat surface. Put them in order from shortest to tallest. Verbally describe what you notice using these frames: "The \_\_\_\_\_ is shorter than the \_\_\_\_\_."  
"The \_\_\_\_\_ is taller than the \_\_\_\_\_."

This week log on and find the online reader of the shark they chose (you will find this list on the blog). Investigation is not limited to only this site, but it is great and kid friendly.

How to get started: Log on. Click Animals. Click Fish. Click Sharks. Find your child's specific shark. Fill out the attached Habitat sheet. Turn this in separately (do not staple with the other homework pages).

Name: \_\_\_\_\_

**Do not staple the "Habitat" Notes page to the HW. Please keep it separate so that we can easily put it in their Shark Folders.**

# Habitat

Does your shark prefer shallow or deep waters?

Write one more fact about your shark's habitat and draw a picture.
